

Teachers,

As our classes draw to a close, we would like to offer special thanks for your dedication to the ministry of teaching. Like our faith itself, teaching requires a constant commitment: planning, organizing, and preparing each lesson and sharing the Good News in your own

unique way. To our "student teachers" thanks for being role models and faith sharers - the kids will always remember you. May your next journey in college or beyond be all that you want it to be. To the mothers and fathers who have taught this year, thank you for being there each Sunday and taking time to not only get your kids to class - but share faith with neighbor's children. To those of you who teach because its your way of "giving back" - we are truly grateful and inspired.

Soooo please take some time to consider teaching again next year. Yep - we start all over again in the fall - we will have more students - the parish is growing! You are a valuable resource - teach on your own, ask a friend to teach with you, or request to have a high school student to help you. If you can't make a full time commitment - please add your name to the substitute list. We welcome and always appreciate your help.

Please complete and return this form in your attendance sheet at the last class, **Sunday, April 9.**

Blessings,

Georgann & Brenda
