

GREEN SAINTS AND MYSTICS

Art and Stories in the spirit of LAUDATO SI

Each of us holds memories of
THIN PLACES
where we are more deeply aware of
God's presence.

Inspired by the work of modern holy figures such as Pope Francis and Thomas Merton- as well as saints from the past, such as Francis of Assisi and Hildegard of Bingen- we will re-visit those sacred places and discover our connectedness as one human family, unified in our diversity.
